Dear Mr. Larry Little,

I would like to take this opportunity to thank you and your staff for the excellent service that Fay Block has extended to us over the past 10 years. Your entire staff has always been courteous and willing to help any way that they can.

We deal with inside sales representatives as well as outside and they conduct themselves in a professional manner, but with a personal touch. Larry Morrison stops by our office frequently to see if we need anything or just to say hello. We normally talk with the girls in the office on a daily basis, Liz is the best; she is always a joy to talk with. Betty has been more than helpful with it comes to the accounting side, she's a good person and takes pride in her work. Your employees are our friends, not just business acquaintances.

Fay Block has always been there for Aztec and we appreciate everything that you do.

Sincerely,

Karen Moody
