To Whom It May Concern:

I would like to take this opportunity to express thanks for all that you have done for Coastal Quality Masonry LLC over the last 5 years. You have supplied many military commercial and public projects during this time. Some of these projects included have been the K Ranges/Camp Lejeune, Car Wash/.Camp Lejeune, several Barrack Up fits/Camp Lejeune, and the Jacksonville, NC Mall addition.

I have always found that your staff has been very friendly and easy to work with. My sales representative, Austin Babb, has been there to support my company with the bidding, negotiating, and leads for new commercial work. This has helped us to maintain a market share in the Jacksonville, NC area. Deliveries are made on a very timely manner. All of those things combined are the reasons why I am a Fay Block customer for life!

I will continue using them for any and all my masonry needs that I may have on and off the military bases!

Sincerely,

Ron Gonzalez, Jr.

Owner

Coastal Quality Masonry LLC
